**Appeal to help Uttarakhand flood victims**

**As you are aware, Uttarakhand is passing through an unprecedented crisis due to floods in Kedarnath region. Thousands have suffered unspeakable pain and agony, thousands are still missing. The tragedy has shattered hundreds of lives and devastated several villages ruining the economy of the affected area.**

**The children of the flood affected areas in Uttarakhand are facing a grave situation-homes and schools devastated, and nowhere to go. We have decided to adopt as many such children and sponsor their education free. We are also trying to help some schools in the remote areas with some assistance so that they may start functioning soon. It is one of the most important task and I appeal all to help us fund this mission 'School Education for Uttarakhand Children'. Sponsoring one child's education and hostel stay costs Rs 30thousand per annum. Pl sponsor as many children and help rebuild Uttarakhand's future.**

**It is our Dharma, a bounden duty to help such people in distress with compassion and open heart. I am patron of a wonderful institution working to help tribal children in Dehradun and we are working to**
